Spring - Summer 2015

RICORDO

Based on memories.... Retro trend

We have a range of pastel pink and pale blue that are slightly combined,
coral colours in shades of classical styles,
sand tones that are combined with classical designs in navy colours
or creating a neutral look with optical white.
Floral and tie prints, “sersucker” plaid details, and piqué jacquard designs
with fancy drawings of tiny lines.
graphics of stripes, lines...
Warm, friendly, connection...
Relax, connection with oneself,
disconnection with the world...

IMPETO

“Play” trend, funny and a sense of freshness.

We can see orange, water green and turquoise shades,
blue ink with porcelain hues,
bright blue or yellow colours.

*“Royal Navy” is combined with colours that stand out with orange, red...

We try to find contrasting.

Geometric graphics, pastel colours inspiration,
lolly and ice-cream cone in acid colours.

Set of different stripes (diagonal, vertical...)

We find different sizes of floral prints
but always in two-coloured looks, washed-out fabrics...
Contrast, joy, freshness of summer, “Summertime”.
